- The Figures
- The Frame
- The Horizon
- The Oracle

Leon Battista Alberti, De Pittura, 1435

The Figures

- **Semantics** – what do the figures represent?
- **Syntactics** – coherence in a given field
- **Pragmatics** – relationship between data and action

boai
Business Analytics Institute

- **Morbidity**
- **Well-being**
- **Innovation**
- **Value**

The Frame

The Horizon

©2020 The Business Analytics Institute

- Risk, uncertainty, ambiguity
- Cognitive biases
- “Rational thinking”
- Digital Ethics
